# Chapter 1 Introduction

The digital night vision scope is equipped with advanced HD sensor, and adopts advanced digital imaging technology, to get clear view in in daytime and classic black & white viewing at night.

It helps to view the target and measure the distance. It can aim at the moving target and meet the outdoor condition. The device can be widely used in searching and rescuing, hiking, travel, etc.

This document introduces new features and optimizations in V5.5.40 build 221118 of the products.

## Version Information

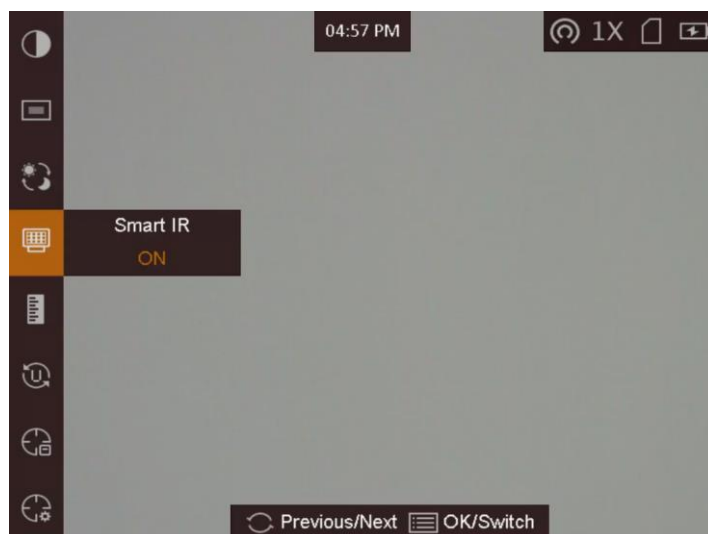

Item	Description
Firmware Version	V5.5.40 build 221118
Models	HM-TR3D-50Q/WV-A50T HM-TR3D-50Q/WV-A50TN
Mobile Client	HIKMICRO Sight, latest version

## Chapter 2 Optimizations

HIKMICRO Alpex series digital night vision scopes have been optimized to improve your experience.

### 1.1 Smart IR

If you enable the function, it can optimize image detail by exposure compensation in overexposed areas at night. The function is off by default.

### 1.2 Zeroing Profiles

Change "Reticle Group" name to "Zeroing Profiles"
