

# HIKMICRO

HM-L029IR

IR Torch

HIKMICRO IR Torch is designed for use with HIKMICRO GRYPHON & GRYPHON LRF series. Infrared Illuminator is completed with additional illumination of the observation objects by infrared rays when using devices in low light conditions or in complete darkness.

### **Key Features**

Identify the observed object more accurate and in detailed.

### **Related Products**

GRYPHON & GRYPHON LRF Series: GH25/GH35/GQ35/GH25L/GH35L/GQ35L

## ▪ Specification

Power Supply	
Power	By battery
Battery Type	HIKMICRO HM-3632DC
Battery Operating Time	Up to 5.5 h
Capacity	3.2 Ah
General	
Operating Temperature Range	-20°C to 50°C (-4°F to 122°F)
Weight	95 g
Body Material	Metal & Plastic
Dimension	121.2 mm × 30.7 mm × 25.2 mm (4.8" × 1.2" × 1.0" )
Infrared Illuminator	
Emitter	LED
IR Optical Power	Up to 850 mW
IR Wavelength	940 nm
Irradiation Distance	Up to 150 m
Beam Angle	13°

## ▪ Available Model

HM-L029IR

## ▪ Dimension

Unit: mm
